

Dr. Ismail KASIKCI

Biberach University of Applied Sciences, Germany

Selected Scholarly Contributions [Data Provided by **Scopus**]

Cetin, E., Yilanci, A., Ozturk, H.K., Kasikci, I., Colak, M., Icli, S.

[Construction of a fuel cell system with DC power distribution for residential applications](#)

(2011) International Journal of Hydrogen Energy, 36 (17), pp. 11474-11479.

Cetin, E., Yilanci, A., Ozturk, H.K., Colak, M., Kasikci, I., Iplikci, S.

[A micro-DC power distribution system for a residential application energized by photovoltaic-wind/fuel cell hybrid energy systems](#)

(2010) Energy and Buildings, 42 (8), pp. 1344-1352.

Cetin, E., Hekim, M., Yilanci, A., Ozturk, H.K., Colak, M., Kasikci, I.

[PLC-based measurement of electrical data in photovoltaic energy systems](#)

(2009) 2009 Applied Electronics International Conference, AE 2009, art. no. 5289292, pp. 79-82.

Cetin, E., Yilanci, A., Oner, Y., Colak, M., Kasikci, I., Ozturk, H.K.

[Electrical analysis of a hybrid photovoltaic-hydrogen/fuel cell energy system in Denizli, Turkey](#)

(2009) Energy and Buildings, 41 (9), pp. 975-981.

Darwish, M.K., El-Habrouk, M., Kasikci, I.

[EMC compliant harmonic and reactive power compensation using passive filter cascaded with shunt active filter](#)

(2002) EPE Journal (European Power Electronics and Drives Journal), 12 (3), pp. 43-50.

Kasikci, I., Darwish, M., Mehta, P.

[Analytical load model for power system components](#)

(1999) Proceedings of the International Conference on Power Electronics and Drive Systems, 2, pp. 673-676.

Kasikci, I., Darwish, M., Mehta, P.

[Load modelling for reactive/harmonic power compensation](#)

(1999) Proceedings of the Universities Power Engineering Conference, 1, pp. 99-102.

Kasikci, I.

[New method for harmonic/reactive power reduction](#)

(1999) Proceedings of the International Conference on Power Electronics and Drive Systems, 2, pp. 900-904.

Kasikci, I., Darwish, M., Mehta, P.

[New method for harmonic reduction in low and medium voltage distribution systems](#)

(1999) Proceedings of the Universities Power Engineering Conference, 1, pp. 107-110.
